Tomatoes for 2021

Tomatillo, Husk Tomato

Tomatillo ‘Goldie’ 75 days

Small orange berry with a papery husk, fruits drop from the plant when ripe. Very prolific! Very sweet flavor for eating raw, or dried like raisins. Organic source.

Tomatillo ‘Super Verde’ 60 days

Good vigor, high yields with 3-6 oz. fruit, Mexican husk green tomato, roast for salsa verde.

Tomato

‘Brandywine Red’ 75-85 days

Heirloom, very tasty with low acidity, higher yield with cool temperatures. Beefsteak type fruit, perfect for slicing. 16-30 oz. fruit, indeterminate.

‘Buffalosun’ 85 days

Large yellow fruit with red/orange flames and a marbled interior. All American Selection. High yields with 18-24 oz. flat, ribbed fruit. Few seeds and meaty texture. Disease resistant and indeterminate.

‘Cherokee Carbon’

75-80 days

Heirloom marriage cross between Cherokee Purple and Carbon. Robust purple beefsteak with rich flavor, 10-12 oz. fruit, and indeterminate.

‘Cherokee Green’

72 days

Heirloom. Green fruit with some yellowish-orange color on the blossom end when ripe. Bold, acidic flavor. 8 oz. fruit, and indeterminate. Organic source.

‘Cherokee Purple’

72-90 days

Heirloom. Flavorful purple-brown fruit with a dusty pink interior. 10-12 oz. fruit, slightly flattened on short vines. Indeterminate. Organic source.

‘Chocolate Sprinkles’

50-55 days

Cherry type, red/green striped, bite sized, 1.5" fruit. Good disease resistance. Indeterminate.

‘Damsel’

73 days

Beefsteak type, with pink skin. Sweet, tangy flavor. Late blight resistant. Globe shaped, 8-12 oz. fruit on compact plants. Indeterminate. Organic source.

‘Defiant’

65-70 days

Mid-sized red slicing tomato. Quick maturing with a smooth, firm texture. High resistance to late blight. Globe shaped, 6-8 oz. fruit on compact plant. Determinate. Organic source.

‘Genuwine’ 70-75 days Heirloom marriage cross between Brandywine and Costoluto Genovese. Matures 12-19 days earlier than Brandywine. Beefsteak type, with 10-11 oz. ribbed fruit, excellent for slicing. Indeterminate.

‘Granadero’ 72 days Plum type with uniform red fruit. Excellent for sauces. High yields. 4-5 oz. fruit has a very good flavor and broad disease resistance. Indeterminate.

‘Juliet’ 60 days Grape to Roma type, with deep red, shiny fruits in heavy clusters. High yielding with high disease and crack resistance. 1.5-2 oz. fruit is good in salads, salsa and sauce. All American Selection. One of our favorites! Indeterminate.

‘Mortgage Lifter’ 80 days Heirloom. Beefsteak type with red-pink, slightly ribbed fruit. Consistent winner in taste tests. Fruit is 18-28 oz. or larger with few seeds. Indeterminate.

‘Mountain Merit’ 75 days Red slicing tomato. Excellent late blight resistance on compact plants. Juicy, mildly flavored, 10-12 oz. fruit. All American Selection. Determinate.

‘New Girl’ 62 days First tomatoes of the season! Dependable, early producer with high disease resistance and great flavor. Better than Early Girl, with 4-6 oz. fruit. Indeterminate. Organic source.

‘Oxheart Red’

75-85 days

Heirloom. Red, heart shaped fruit is thick walled and excellent for slicing. Excellent flavor, with fruit reaching 24-30 oz. Plant can grow to 6’ high. Indeterminate.

‘Pineapple’

85-95 days

Heirloom. Large beefsteak type with bright yellow and red striped fruit. Meaty texture and a sweet, mild flavor with a high yield of 18-24 oz. fruit. Indeterminate.

‘San Marzano’

70 days

Heirloom. Classic red plum type, excellent for sauce. Compact 40" plants produce 4-6 oz. fruit that are easy to peel. Indeterminate. Organic source.

‘Speckled Roman’

85 days

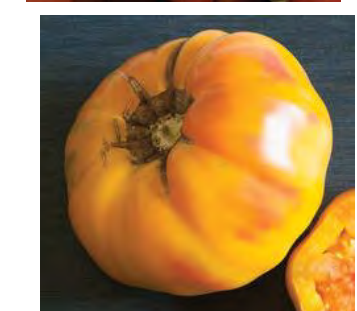

Elongated plum type, with bright red skin and yellow streaks. Meaty fruit has very little juice, but excellent flavor for sauce at 6-8 oz. each. Indeterminate. Organic source.

‘Striped German’

78 days

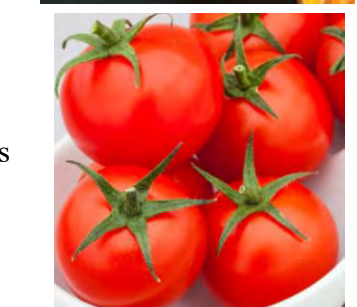

Heirloom. Beefsteak type. Large yellow-red striped and marbled fruit with a complex fruity flavor. Flat, ribbed fruit can reach 16 oz. Indeterminate. Organic source

‘Summerlast’

55-65 days

Cherry type, red fruit. Dwarf plant is excellent for small spaces or patio containers. High yields of 1-2 oz. round fruit. Late blight resistant. Determinate.

‘Sun Gold’ 65 days Cherry type, small orange fruit. Perfect for snacking right off the vine. 1 oz. fruit with a tangy, sweet flavor and prolific growth. Skin is thinner than ‘Sunsugar’. Indeterminate

‘Sun Sugar’ 62 days Cherry type, gold-orange fruit. Very sweet with good crack resistance. 1 oz. fruit can be harvested almost daily. One of our favorites! Indeterminate.

‘Super Fantastic’ 70 days Beefsteak type, dark red, sweet fruit. Good disease resistance. Meaty, smooth-skinned, 10 oz. fruit produced all summer. Indeterminate.

‘Supersweet 100’ 57-62 days Cherry type, small red fruit grow in long hanging clusters. 1 oz. fruit is sweet and prolific. Indeterminate.

‘Tidy Rose’ 60-65 days Heirloom. Beefsteak type. Deep pink fruit with smooth, slightly ribbed skin. Rich flavor with 5-7 oz. fruit. Best in containers with a compact habit. Indeterminate.

This list only encompasses the tomatoes and tomatillo that are being grown by Seed at Acer Gardens for 2021.
Other varieties will also be available throughout the season!
